

TANK CLEANING

salarollump[®]
THE SUPER SUCTION PUMP

Salarollump compliments vac truck fleets due to its accessibility to those areas prohibitive to vac trucks and Salarollump eliminates clean out of sticky products from the vac trucks.

- Super suction
- Handles debris up to 1 ½"
- Reversible for clean out of obstructions
- High discharge pressure
- Accessories for efficient clean out of sludge from flat bottoms
- Efficient suction from a valve at the bottom of a tank due to slow suction.
- Oils remain bound for efficient recovery

Sludge Removal

- Sumps
- Tanks
- Pits
- Rail Cars
- Trenches
- Spills

Tank Drainage via Bottom Valve
